Please refer to ASC web site www.asc-aqua.org for the full list of product groups covered by this certificate, as the most up-to-date source of information for the certificate and scope

Products are authorised to enter an ASC Chain of Custody certification at the point where the directly control of the fish is changed. This happens when the fish is moved from the wellboat and are pumped into the waiting cages.

This certificate itself does not constitute evidence that a particular product supplied by the certificate holder is ASC-certified. Products offered, shipped or sold by the certificate holder can only be considered covered by the scope of this certificate when the required ASC claim is clearly stated on invoices and shipping documents.
