

**Ally Dingwall** - Ally Dingwall is Aquaculture and Fisheries Manager at Sainsbury's in the UK. As a member of the Sustainable and Ethical Sourcing team, Ally has responsibility for Sainsbury's fish sourcing policy. Aquaculture supplies around half of all fish sold by Sainsbury's and responsible sourcing of feedstuffs is recognised as a critical element in development of a sustainable aquaculture supply base. Ally qualified with a degree in marine biology from Heriot-Watt University in 1987 and has worked with fish for over 25 years. He joined Sainsbury's in 2008 from Huon Aquaculture in Australia where he was General Manager for Value Added Processing and has worked for Uniq plc, Pinneys of Scotland and Marine Harvest in a variety of production, technical and procurement roles.
