

Aquaculture Stewardship Council

Aquaculture Improver Program - Remote Monitoring Pilot

Start your AIP verification process by participating in a 3-month pilot program.

- ASC is evaluating the use of phone-based surveys to make certification more accessible.
- Participants will share short surveys and photos by phone, once a month, for 3 months.
- Participants will receive reminders by WhatsApp and support from YSAI to ensure success.
- Participating in this pilot will build good practices required for AIP certification.

Program Overview

1. Receive reminders and instructions by WhatsApp

2. Submit surveys and pictures by phone

3. Move one step closer towards AIP certification!

Program Schedule

Month 1

YSAI will help you enroll in the program, and submit the first of 3 monthly surveys.

Month 2

Submit 2nd of 3 monthly surveys.

Month 3

Submit final monthly survey.

Move one step closer towards AIP certification!
